New-York Fire Department.

SIXTY-SECOND ANNUAL REPORT OF THE BOARD OF TRUSTEES OF THE NEW-YORK FIRE DEPARTMENT, 1860.—TO THE REPRESENTATIVES OF THE NEW YORK FIRE DEPARTMENT.

In presenting to your notice the transactions of the financial affairs of the Charitable Fund of the Department, your Trustees deem it their duty to call the attention of the Representatives to the great diminution of the annual receipts for the past year, and the urgent necessity, to be compelled to present such unfavorable accounts, but more so at the present time, for by referring to the Annual Report of the City Engineers, we find that the total number of men in the active force of the Department has increased, being an increase over the previous year of 322 men. By long experience, your Trustees are well satisfied that with an increase in the active ranks, makes additional applications on the part of the Firemen for promotion, and resulting to a diminution of the excess of a large force, we will, without doubt, give due weight to the importance of selecting applicants for membership from those who are possessed of not only moral character, but a careful examination should be made to see if the physical condition of applicants is equal to the recommendation of those who, in addition to wanting of the above qualifications, whom they do not possess the habits of practical industry.

We have also called the attention of the honorable Board of Fire Commissioners to the importance of a searching investigation as to the ability and qualifications of those who are desirous of enrolling their names as members of the New York Fire Department, for we are assured that the perpetuation of our noble Institution depends on the character of those who fill the active ranks.

In returning thanks to those who have aided the fund during the past year, we can only thank the members of the department, the Firemen's Hall Committee, to whom we are most grateful.

Although the net amount received from the proceeds of the last half-fall short of the amount received for several years previous, nevertheless, we fully sympathize the feelings of the Committee in their efforts to have all contributions given to those who were present, and, although the fund sustained a temporary loss in a pecuniary sense, but no doubt of advantage for the future. The reputation of the Firemen's Hall was not impaired, and the effect of the Committee to please its members was a decided success.

Of the various numerous donations made by the municipal authorities, not one is more fully sanctioned by the tax payers than the gift of \$1,000 from the Common Council in aid of the Charitable Fund Department.

To Messrs. Joseph E. Miller, Edwin Forrest, and the proprietors of The Herald and Sun, we respectfully acknowledge the receipt of their several donations, to the latter gentlemen, the entire amount against the Department for printing, in their respect.

By reference to the report of the Treasurer, you will perceive that, at the time of last report, there was a balance in the Bank of America of \$1,000, which was to be credited to the account of the Firemen's Hall Committee.

The sum of \$1,000, less the amount given to the Firemen's Hall Committee, and the amount given to the Firemen's Hall, leaves a balance in the Firemen's Hall of \$1,000, and \$1,000, or \$2,000.

The balance in the account of the Firemen's Hall is included two thousand dollars for a bond and a balance canceled.

The disbursements for the same period amounted to thirty thousand eight hundred and ninety-seven dollars and twenty-one cents (\$30,897.21), which, with two thousand dollars received in the bank of the Firemen's Hall, leaves a balance of fifty-six dollars and twenty cents (\$31,252.21).

Since then he has received from various sources the sum of twenty thousand four hundred and twenty-two dollars and twenty cents (\$20,422.20), which, in the aggregate, amounts to thirty-one thousand five hundred and eighty-two dollars and two cents (\$31,652.20).
